Dear Kenton:

On behalf of Mt. Hood Community College, our students and our community, I extend my profound appreciation for your collaborative efforts and cooperation during the recent tragic shooting incident at Reynolds High School on June 10. It was truly a remarkable humanitarian effort and we were grateful for your support during this deeply emotional situation.

With sincere hope that a similar tragic situation will never happen again, we find great comfort in knowing that our constituents are close at hand and ready to assist if an emergency should occur. In return, please call on Mt. Hood community College if you need our help at any time.

Sincerely,

A handwritten signature in black ink that reads "Debra A. Derr".
