Reg: The Resort At The Mountain Fire

Thank you!

As the Fire Chief of Hoodland Fire District I am very grateful, impressed and truly humbled by the amazing support and professional attitude and over the top job done by your crews. They over came the challenges of getting to our scene on dark icy roads, dealing with staging and work areas that were confusing, one-way and mapped wrong. And then working in 24-28 degree temperatures! Not mention stretching and pulling LDH on ice covered ground, up hills and down hills! Safely!

And the coverage crews allowed us to do our job knowing that our Districts were well protected by the best! Having to turn our back and focus on such a challenge as The Resort fire would be a major concern but knowing the Mutual Aid system and the talented leadership which surfaces during these endeavors really works!! Confidence is very high for continuity and success.

At this point in time there is still no determination as to the fire cause, and so our "X-Files" are getting thicker!

Again I would like to thank you for your support and we promise to provide more challenges in the future. HA!

Yours in fire and life safety,

Mic Eby, Fire Chief
